2014 Budget Advertisement

- DLGF must continue prior years budget and levies if form 3 is not published twice and according to the deadlines.
- The budgets and levies advertised set the maximum amounts for budgets and levies.
- If you notice the first advertisement runs on the wrong date, work with the newspaper to ensure proper publication of the second ad.
- If there is sufficient time, restart the process with a new date of publication for the first ad and indicate "Correction."
- If there is an error in the ad and it's the fault of the newspaper, get it in writing from the paper and the ad may still be valid.

2014 Hearing and Adoption

- Date, time and place advertised on the Form 3 for both the budget public hearing meeting and the adoption meeting.
- Holding the public hearing on a date different than advertised will cause the budget and levy to be continued from the previous year.
- Meetings must be at least 10 days apart.
- Adoption meeting can be continued to a future date but it must be documented in the minutes of the initial meeting on the advertised date.

2014 Adoption Meeting

- Adoption must be completed no later than November 1.
- Council members are to sign the Budget Form 4 at the adoption meeting.
- Be certain the budgets, levies, and rates on the Form 4 are correct for all funds.
- Ensure that each councilor signs the form and checks the appropriate box indicating their vote.

2014 Budget Submission

- Submission to the DLGF is to be done through Gateway this year (same as last year).
- Submission should be done by the fiscal officer within two days after adoption.
- It is the taxing unit's responsibility to submit this information by the deadline.
- DLGF field representative will begin working the budgets after all budgets in the county are submitted.

Council Review?

- According to IC 6-1.1-17-3.5 requires the budgets of any unit that expects to levy a property tax in the following year to submit the budget to the county council for a “non-binding” recommendation except for:
- Libraries that have a budget increase higher than the AVGQ increase (IC 6-1.1-17-20.3). Those libraries must have the budget adopted by the town, city, or county council, whichever is appropriate.
- Adopting body is responsible for public notices, hearings, and adoption meeting. Failure could mean continuation for unit and county.

Budgets of Units with Appointed Boards

- IC 6-1.1-17-20 requires the budgets of units with appointed boards to submit proposed budget, rates, and levies to the city or town fiscal body if assessed value falls entirely within the city or town or the unit was originally established by the city or town
 - Excludes libraries unless budget increases greater than AVGQ
 - Requires the fiscal body of city or town to review, reduce or modify but not increase.
 - Budgets are continued if not completed

Budgets of Units with Appointed Boards

- Proposed budgets, levies and rates must be submitted to the fiscal body by Sept 3.
- Fiscal body is responsible for publishing the required notice of budgets and levies and notice of hearings but unit is responsible for paying for the notice.
- Fiscal body conducts the public hearing for the taxing unit.
- Fiscal body adopts the budget, levy and rates for the unit.

Budgets of Units with Appointed Boards

- Fiscal officer of the unit adopting the budget serves as the submitter of the budget forms through Gateway.
- Library that expects budget to increase above the AVGQ should work with council to set hearing and adoption dates.
- Email gateway@dlgf.in.gov to get submission rights if needed.

Reminder

- In order for DLGF to certify a budget, tax rates, and tax levies, the unit must:
 - File Annual Report electronically with SBOA
 - File 100R electronically with SBOA
 - Indicate with 100R if your unit offers a health plan, a pension, and other benefits to full-time and part-time employees
 - File through Debt Management (Gateway) with the DLGF a report of outstanding debt or leases
 - (This is not the Debt Worksheet)

Reminder: Circuit Breakers

- Circuit Breakers: Also known as “tax caps”
 - Circuit breakers are taxpayer protections
 - Amount of credit is determined by the class of property and the “gross” assessed value
 - Percentages are 1%, 2% and 3%
 - Remember Circuit Breakers are based on “gross” assessed values and tax bills are calculated using “net” AV
 - There’s a separate Circuit Breaker for homestead property owners over 65 (income and AV limits apply)
 - Limits property tax increases to 2% of last years tax bill

Reminder: Circuit Breakers

- Effect of Circuit Breakers
 - Credits do not reduce line 7 on form 4b
 - Line 7 is fall property tax distribution
 - Form 4b is 16 Line Statement or Financial Statement
 - There's a separate Circuit Breaker for homestead property owners over 65 (income and AV limits apply)
 - Units with a debt service fund with an insufficient balance will need to transfer cash from other funds in order to make the debt service payment.
 - DLGF will provide a Circuit Breaker credit report with the amount of credits to expect.
 - See: http://www.in.gov/dlgf/files/Budget_User_Guide_Form_4B.pdf

Circuit Breakers

- Circuit Breaker credits are usually experienced when total property tax rate in a tax district approached 2.6000 per \$100 of assessed value
- Civil taxing units cannot replace revenues lost due to circuit breakers with other property tax levies.
- Also, units cannot borrow to replace the lost revenue.
- Shortfalls caused by Circuit Breaker credits not qualify for an excessive levy appeal.

Reminder: Circuit Breakers

(c) The county auditor shall in each calendar year notify each political subdivision in which the credit under this chapter is applied of the reduction of property tax collections referred to in subsection (b) for the political subdivision for that year.

(d) **A political subdivision may not borrow money to compensate the political subdivision or any other political subdivision for the reduction of property tax collections referred to in subsection (b).**
